Chicago, March 23.—A terrific wind storm caused widespread destruction and loss of life and practically wrecking the already maimed telegraph service caused by the recent West and Middle States cyclone. Reports from Nebraska, Kansas, Iowa and Indiana indicate heavy damage. owing to the loss of power on the telephone lines, however, the reports are fragmentary and lacking in detail.

Omaha, Neb.—The town of Yutan, Nebraska—the latter town near Omaha; Marshalltown, Aetona, Woodbury, Fort Dodge, Iowa; Cedar Rapids, Iowa; and Atkins, Kan., are places from which scattering messages carrying the news of grave destruction have been received.

The death list at Omaha was placed at fifteen, and the injured at fifty. Two men were killed when a train was received from the stricken city of Omaha. Late bulletins report that half a dozen persons were killed. All wires were down and Berlin, a neighboring town, was said to be in ruins. The message was received over a short distance, the telephone line which worked in intervals.

Terre Haute, Ind., suffered severely. At least one man was killed, an unknown number were maimed, and the ruin of homes was caused by the fall of falling trees. Five more were started in different parts of the city.

First reports from Nebraska state that the town of Yutan, where the cyclone had been wiped out and that the wreckage had taken fire. Wounds of nurses, doctors and others were extremely severe, the stricken being compelled to feel their way, owing to the paralyzed condition of the telephone services.

Toronto, March 23.—The first of the two liners commissioned for the Canadian line for the Canadian passenger service this summer was launched today at Greenock.

The Adania, the new steamship is a handsome vessel of 13,000 tons with accommodation for over 2,900 second and third class passengers. The ship is the first of the latest class designed on the Adamson line.

The comfort of the passengers was given careful study. In designing the ship, the engineers took into account the fact that the ship would be used in the North Atlantic, where the weather is often very bad.

Lady Involverde performed the christening ceremony.

The ship will be a sister to the Adania, which was launched last year at Beardmore's yard, Glasgow and christened by Mrs. Hugh Allan, wife of the president of the Canadian Pacific Railway.

Although Lady Involverde is realizing the growing needs of that country and the very large number of tourists.

The new vessel will make her maiden voyage May 1st.

### EASTER SERVICES IN SOUTH SIDE CHURCHES

Festivals of Easter are appropriately celebrated with great music and services throughout the city.

The festival of Easter was celebrated at all the churches on the South Side by services of a special nature. Easter in the Eastern Orthodox Church, with its solemn and dramatic Services, was with significance of the historic occasion.

To St. Anthony's Church.

On Sunday evening the membership of the congregation which overrode St. Anthony's Church at all its services, gathered in the church. The service was in French and the high mass at 11 was in English. The mass was celebrated by Rev. J. H. Lomax, and the Rev. Fathers Lomaxland as deacon and Rev. Father Gordmanville as sub-deacon.

The English sermon was preached by Rev. Father Davison, superior of St. John's College. In the Lenten text, he said, "The day that the Lord has given, let us rejoice and be glad." Psalm 117. "Give thanks unto the Lord, for he is good; for his mercy endureth forever." The Mass of the Saviour Army was also held early on Easter morning in the church, and the Saviour Army had crowded congregations. floral decorations and choral services were well as the organ soloists added to the attractiveness of the services.

There were continuing congregations at both services at the Baptist Church yesterday. In the morning, the pastor, Mr. H. R. Smith, dispensed with the usual sermon, but the dominant significance of Easter was emphasized by the words of the boys and girls of the Sunday school. The choir rendered special music, including the anthem "Hallelujah! Rejoice! Come!" was sung by a large and well trained choir.

At the evening the pastor preached a bright and inspiring Easter message, and the service, which represented modest numbers, Easter lines and past photos were attractively grouped on the platform.

Mr. McGill announced that the centenary of Livingston will be celebrated next week.

At the Metropolitan.

The pipe organ and the large choir were the chief attraction at the Metropolitan Church, the hymn "He Is Risen" and "He Is Not Here, But Is Risen," being the highlights of the service. The Hallelujah Chorus was another. "We Will Rejoice and Be Glad" was the choral feature of the Easter service at the Metropolitan Church.

In the morning the pastor discussed at the work of the Women's Ministry Society and in the evening dealt with the subject "Great Occasions Give Us Great Responsibility."

In the evening the pastor, the Rev. Mr. Leitch, said that the anniversary of Easter was a reminder to all that while a time from loved ones will at last be gathered.

Be the tie that binds.

Our hearts in Christian love;

The fellowship of kindred minds,

Is like to that above.

For said he, "the language of the heart is the language of the soul, and it is left behind the fellowship of kindred minds will be continued."

Knock Church was crowded. floral decorations and the choir's rendering of "A Wonderful Easter Morning" were appropriate to the occasion.

The pastor, Rev. E. McGeough, spoke from I. Corinthian, Chap. 11, the story of the resurrection of Christ from the same standpoint as Paul, that death and resurrection were the wages of sin, and the plan for men. Paul came with the belief that Christ was risen and was confirmed by the pastor, who was also answering some arguments against the resurrection the pastor said that no matter how some may may interpret the resurrection, the doubt yet in the heart of hearts the pastor acknowledged it and realized that he too had a strong personal conviction.

He concluded with a reference to the living message and urged the people to live up to their responsibilities reaching their deathbed. It's unknown what heaven is like; it is not good to let our minds go to the stars and surpise to be taken in forward to all with confidence in Christ that all will be what is right.

At the Holy Trinity.

Rev. E. Carruthers conducted the special Easter service. His text at the beginning of the service was "He is not risen than your faith is vain." He referred to the tremendous importance of the resurrection of Christ at Easter time. The greatest example of mankind is conquer. Man with all his medical science has failed to accomplish this. The resurrection of Christ is the greatest example of man. Though some human life has been temporarily conquered the salient spot is the resurrection of Christ. Every day in the world is the same reaping and the same sowing for the harvest of the resurrection. The darkness of the beyond only has returned to tell us anything about it.

"It is a day of rejoicing; Christ is not dead—He lives. Because He lives we shall live also," said the rector who then concluded with the proof that the resurrection is on a basis of sound historical Christianity. He stated that religion rested, on a basis of history. The religious man is the strongest character that he worships produces for him.

All Celebrated Resurrection.

A review of the Easter services at the South Side in the Eastern Orthodox Church, the Metropolitan Methodists, the First Baptist, and the Knights Prussian.

The band of the Salvation Army was also out early on Easter morning in the church, and the band of the Salvation Army had crowded congregations. floral decorations and choral services were well as the organ soloists added to the attractiveness of the services.

At St. Anthony's Church.

On Sunday evening at the close of the preaching service at the First Baptist church, Main street north, Rev. H. R. Smith, the pastor, by the name of Rev. H. R. McGill.

**POWELL-LLOYD.**

President Wilson Reportedly Favorable to Eliot  
Claims of Former President, While John R. Mott, of  
Y. M. C. A., Leader, Is Skeptical of His Possibilities

Washington, March 27.—President Wilson is making an effort to fill the more important diplomatic posts before the extra session of Congress begins, in which he may otherwise devote his energies when the time for legislation arrives.

George W. Hitchcock, a diplomat of rising reputation, is in London as quickly as possible, and it is said to be his mission to secure the post of minister to Mexico. John M. Eliot, former president of Harvard, would accept, though there were intimations among Dr. Mott's friends that he might decline.

George W. Ritchie, former mayor of Pittsburgh, and a Democratic state chairman, has been chosen to be ambassador to Mexico, but it is likely that an announcement will not be made until the State Department formulates its policy with regard to recognition of the Huerta government.

The resignation of Henry Lane Wilson, the present ambassador to Mexico, which has been submitted, will be accepted.

Professor Frank J. Cornell university, was a White House caller today. He has been very much interested in the selection of Dr. Eliot for the Mexican post. Pauline Law and William Chase Osborne are still being prominently mentioned in this connection.

## PAVE SEVENTH STREET SAY PROPERTY HOLDERS

Council to be Only Real Thermometers  
to Show Progress of Improvement Work  
and So Ask That Work Be Done This Year.

And now it is residents of Seventh street that are pressing for a paving stone in their street. The president of the May 2nd Association, street, was at the city hall this morning bright and early with a petition signed by himself and 100 other residents of the street on Seventh street, asking that that street be paved from Jasper avenue southward.

There are some reasons advanced in the petition as to why this street should be paved, and the first point urged is that Seventh street is the highway from the northern part of the city to the legislative buildings, and that the paving of Saskatchewan Avenue connects Seventh street with the entrance drive to the legislature grounds. For this reason alone, say the petitioners, Seventh street should be paved. Any one who remembers the mud on Saskatchewan Avenue, which was a chief feature of the ceremonies at the legislative buildings during the flood of 1910, will realize that the petition will be inclined to agree.

The petition will come before the city council at its regular meeting on Monday morning, when some action will be taken. In all probability, it will be referred to the city engineer, who will then decide what to say in regard to the possibility of the street being paved this year.

## ADRIANOPOLE HOLDS OUT AGAINST ALLIES

Turkish Commander Determined To Continue Defence—Discourts Prelate Among Allied Armies Defending the Fortress.

Adriano, March 23.—(By wireless to Constantinople)—The Turkish commander of this fortress says his troops are determined to continue the defence which they have now carried on for three months, and that no offer made by them to surrender may be dismissed as pure invention.

The starvation of the forces can continue, he says. Food will regularly be distributed among the populace by the military authorities and there are no signs of panic.

Perfect order prevails within the city. The Bulgarian besiegers are making no progress, and their occasional assaults have been futile. The intermittent bombardment has done no damage to the fortifications.

Diplomatic aid is said to prevail among the Allied armies. The troops of the Revolt are said to use the garrison in the sieges, while those in their trenches are not participating in any of the active operations.

The Turkish commander had ordered the Greeks and Armenian bishops to be housed in the cathedral, but the contention to the alleged miseries of the population is groundless. It has always been the custom of the two prelates themselves being most energetic in protesting the story. They extoll the courtesy of the commander, but do nothing for the native and military populations.

In reply to a question as to whether the Indian missions in India would aid in the holding of simultaneous examinations in the colonies, Mr. Mateen said: "I am sure the colonies will become civil servants in India, Mr. Mateen replied that had he the authority he would consider it that the Indian civil service could be sent to India to their disgraceful conduct towards Indians, including the Hindu section of the population."

Gibraltar, England, March 22.—The French bark "Marie" from Brest, en route to Hull, at the end of her long voyage today, met with disaster and was driven ashore. The crew, who cheered the king on his way, were all safe, but the captain and crew of 24 men were saved by a British trawler.

**THE MAN** went ashore before the North sea, during a gale.

It was quickly pounded to pieces by terrible winds, and the crew, who had lost hope when the American ship "Amer" came up, launched a life boat and took the crew making several trips through the sea to the rescue.

The captain and mate of the Marie refused to leave the ship until the life boat was too much shattered by the waves to return for them and the steamer "Amer" had driven away when the American ship "Amer" came up to the wreck. He and his captain and mate were ultimately rescued through the sea to the rescue.

**SERIOUS STRIKE AT SYDNEY**

Ferry Hands Quit Work At Height of Strike.

Sydney, N.S., March 22.—With the metropolitan freight strike still going on throughout the country, come to a standstill racing now statewide.

Boatmen, sailors, and engineers on the Sydney ferries, which run practically with their work, six hours a day, have been idling since the strike began probably would not have achieved success if they had been called out in the first place.

Small motor boats sailing and tugs, which have been pressed into service to transport the suburbanites to and from their homes across Port Jackson, have been idling ever since these little boats have resulted, and fares are expressed as a serious loss to the port.

The Sydney water police department is working overtime patrolling the harbor, but the men on the ferries are passing most frequently.
